What is PSHE Education?

PSHE Education is a planned programme of learning that helps children and young people gain the knowledge, understanding and skills they need to manage their lives – both now and in the future.

In PSHE, children learn about:

- How to stay healthy and safe
- Building positive friendships and relationships
- Understanding and managing feelings
- Respecting differences and treating everyone fairly
- Money and the world of work (in an age-appropriate way)

PSHE at Moon Hall

At Moon Hall, we hold a PSHE Day every half term, during which the usual curriculum is suspended so that pupils can immerse themselves fully in their PSHE learning. This dedicated time provides valuable opportunities for children to engage deeply with important themes and develop their understanding in a meaningful way.

We deliver our PSHE curriculum through an adapted version of the Jigsaw Programme. Jigsaw supports all statutory requirements and places children's wellbeing at its heart. As a whole-school approach, it combines a positive philosophy with creative teaching and learning activities, helping pupils develop into compassionate, well-rounded individuals while building their confidence, resilience and capacity to learn.

Our PSHE curriculum is tailored to meet the specific learning needs of our pupils. This includes:

- Pre-teaching key vocabulary
- Using clear, engaging and easy to follow slides made by Miss Wheeler to support jigsaw teaching.
- Delivering content through practical workshops and inviting external speakers

In addition to following the Jigsaw programme, we adapt our curriculum to address current issues affecting our pupils. For example, when some parents found it challenging to get their child to use deodorant, we created a memorable and engaging lesson in school. Pupils explored the importance of deodorant through a fun activity comparing unpleasant and pleasant smells, then learned about where body odour comes from and the science behind it. This approach encouraged pupils to make positive choices based on understanding, rather than simply being told what to do.

The following pages will guide you as to when PSHE Days are and what the planned topics are.
